Here are some key insights from this PDF:

- **EXPANSE**: This is a creative work that combines **text, music, and code** in a nonlinear and experimental format. It explores various themes such as **time, language, identity, and reality** through different perspectives and modes of expression.
- **Mantle**: This is the title of the musical piece that accompanies the text. It consists of **three sections**, each with a different tempo, mood, and melody. The melody is based on the **C major scale** and uses **repetition and variation** to create interest and coherence.
- **Builder and Royalty**: These are two recurring concepts that appear in the text. They seem to represent **different roles, classes, or aspects** of the characters or the world. They are associated with different symbols, actions, and outcomes, such as **catch, grow, gain, and loss**.
- **Neurosys**: This is a section of the text that uses **programming syntax and logic** to express some ideas or questions. It involves concepts such as **class structure, parse, reverse array, quantum dynamics, and image**. It also references some **literary and historical figures**, such as **Prometheus, Freud, Alexander the Great, and Oedipus**.
